Mileage:	94000 ft
Fuel:	Petrol
Information	WHITE, 5 seats, Finished in 'Pure White' this is not

suppléméntaire:	your average Subaru Impreza...it is a real credit to its former owners and simply looks stunning. The paintwork for an 18 year old car is excellent and is a real head turner when driving down the road! The interior is in equally as good condition and the seats etc aren't showing any major signs of wear. This Impreza was imported into the UK in 2008 and we have all the associated paperwork with the importation. Since then it has been loved and very well cared for. We have a huge file of receipts and invoices for service work along with the invoices for modifications etc. Great Spec: E/Windows, E/Folding Mirrors, Virtually unmarked Lenso Alloy wheels, Remote central locking, Toad alarm and tracker, A/CON, CD Player...etc etc Since 2008 it has only had two owners, the first from 2008 up until recently...enthusiast owned. The engine has been modified and pulls like a train in every gear....this is a VERY quick car. Long MOT Jan 30th 2015 and Tax until 31/07/2014. This car will only appreciate in value so be quick. Any questions please call., £2,295
