Information Brilliant first car cheap to run and cheap to insure

## suppléméntaire:

group 1, Hi, I'm selling my black Volkswagen fox., 1.2L petrol 3dr., It's in good condition for age and mileage and has covered 75k., Was serviced at 68k privately., Full years MOT which runs out April 2015, And taxed until sep14, Genuine reason for sale as I've recently bought a bmw 1 series and so the fox has to go., Great first time car which help me build up my no claims., Group 1 insurance so very cheap to insure and cheap to run., Not had any problems with it., The car itself is in good condition the interior is brilliant general wear and tear., The outside has a few Scruffs here and there on the side of the door and bumper. Not highly noticeable but nevertheless wear and tear.
