Black. The Fiat 500 Abarth, Brilliant, brilliant, brilliant. The tiny terror is back, and its wearing a scorpion badge! If big cars make people think you have substandard nethers, the Abarth should be the opposite. It might not be as wilfully mental as the 60's cars but there's that cutesy with teeth thing going on that makes it. If it doesn't make you smile by the way it looks, it'll make you laugh in the way it drives. The Insurance is OK, too it's only a 1.4 litre don't forget. This is the way forward for performance motoring!! This particular example comes in the stunning Scorpion Black Metallic with a contrasting Full Red Leather interior and a lovely set of upgraded 17" Brushed Steel Alloy Wheels to really finish off the looks of the Car.
