miles, Black, 1 Owner. The latest generation Chevrolet Camaro has led from the front in this new generation of muscle car. It looks right, sounds fantastic and certainly draws in the horizon at the required rate thanks to 426 bhp from its 6.2 litre engine (0 to 6 in 5 seconds). The fifth generation Camaro was launched in 2009 as a 2010 model. The V6 was available in LS, 1LT and 2LT trim while the mighty V8 was available as a 1SS or 2SS. The stunning example we have for sale is the top spec 2SS which also benefits from the RS Pack which introduces amongst other items, HID Headlights. Specification includes Leather, Bluetooth, iPod Connectivity and Boston Sound System. It also benefits from Matt Black Wheels, Black Badging and Parking Sensors Front and Rear, and most important of all, the back boxes have been removed so the sound is perfect as it bangs, crackles and pops on over-run but isn't intrusive at motorway speeds.
